

GPS trackers for PLANT & EQUIPMENT

Why Customers buy our trackers:

- > To help recover Plant if stolen.
- > To alert if Plant moves / leaves a site inappropriately.
- > To know where Plant items are, at any time.
- > To see when Plant starts/stops moving/working .
- > To help with job costing - # of days on contracts.
- > To know whether used when "off hire" at weekends.

Plant hire

Any possession or asset

Go to: gps2find.com
gps2find.ie 

When attached to something, they:

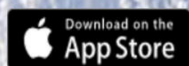

- * show their location - using GPS, with backups LBS & WiFi
- * can Zone Alert - if entering or leaving a particular place
- * can Motion Alert - if moving when "armed"
- * can SoS Alert - if their button is pressed;
- * can Battery Alert - if their battery goes below 20%;
by **SMS or e-mail**, to up to 3 people

GPS2Find products and services:

- > give Peace of Mind on possessions & family members.
- > can train your Fitter how to install/manage them.
- > 6 operating modes - Normal, Eco, Park, Flight, Pursuit, Log modes
- > can develop custom trackers for special situations.
- > include a Monitoring service option.

We welcome Local, National and International customers.
